Subject: RE: Leviathan Mine - EPA Site Visit September 7-8

Hi Greg,

Thanks for the notice. On the 7th, there will be some large trucks delivering rock to the NV gate and large trucks removing roll-off bins from the HDS Treatment plant. On the 8th, there may or may not be a rock delivery. I'm not sure at this time.

All of these trucks will be piloted but just be cautious on the road as you come in. The trucks will likely be leaving the site as you are driving in.

Subject: Leviathan Mine - EPA Site Visit September 7-8

Hi Britt and Marc,

Shannon Behmke (EPA) and myself plan to visit 4 water quality monitoring stations along Aspen, Leviathan and Bryant Creeks on September 7th and 8th (this Thursday-Friday). We'll park off the road, and don't need access to the locked/gated area. We'll start at the Aspen Creek Station above the mine road. Next, to the Leviathan Creek Stations (between delta seep and 4L, and just above the Aspen confluence – 15) in the afternoon. Lastly, we'll stop at the Bryant Creek Station (25) below Mountaineer (late Thu or early Friday morning). Please let me know

of any site operations/hazards and I'll adjust accordingly. Thanks.

Greg Nagle
